Guidelines for Parents and Guardians
How we can best work together at the Central Coast Rudolf Steiner School

In order to support our work with your child, we ask that you please:

Learn about your child’s education

• Take opportunities to find out about Steiner education and why we do what we do. This will help you support the teachers and understand your child’s journey.
• Attend all parent-teacher information nights and interviews and ensure you submit an apology in advance if you are unable to attend. This will assist us in getting the missed information to you.
• Keep up to date with activities and announcements by reading your emails and the fortnightly Argo newsletter.

Contribute to your child’s education

• Communicate all learning, health and well being concerns in a timely way to your child’s teacher/guardian.
• Be aware that some sensitive or challenging discussions regarding your child require a scheduled meeting. Consider carefully whether it is in your child’s best interest to be part of, or exposed to this discussion.

Keep us informed

• Provide the School with any important information about your child’s health, including relevant health support plans or documentation, updates to plans, changes of medication etc.

Support your child in attending school regularly, except if sick or on leave

• Ensure regular and punctual school attendance. This is important for establishing a healthy rhythm. If arriving after 9.00 a.m. please sign in at the front office and you will be given a late slip. A staff member will walk your child to class.
• Apply for leave from school attendance if you know in advance that your child will be absent. The forms are available at the front office.
• Schedule holidays within school holiday periods, if possible.
• Please keep your child at home if he or she is sick.

Supervise your child responsibly

• Please understand that we cannot offer access to the school premises outside of the supervised period from 8.10 a.m. to 3.20 p.m. At 3.20 pm, if your child has not been picked up, he/she will wait at the front office.

• Encourage your child to take personal responsibility around the home and to regularly help with chores.
• Establish fair, consistent rules and behaviour expectations. Young people need clear boundaries that are communicated in a loving way.

Support your child’s learning at home

• Assist your child in developing regular, healthy learning habits, which are free of clutter, noise and distractions.
• Support your child in ensuring the punctual submission of all homework and assessment tasks. If there are reasons for non-submission, please provide a written explanation to the teacher prior to the due date.
• Encourage and model reading for pleasure. This is the best way to nurture good readers.

Support our approach to technology at home

• Place clear and strict boundaries around, and be active in monitoring your child’s access to electronic and social media as well as the use of electronic games.
• Take care to closely monitor the ratings of television, film, electronic games and Internet content that your child is exposed to. Violent and inappropriate sexualised content is to be avoided completely. Discuss this with your child’s teacher if you have questions about content.
• Ensure that there is no television or device (including phones) that enables internet access in your child’s bedroom.
• Please ensure that your child does not watch television or any audio-visual content or use electronic games on any device (including phones) before school or in transit to school.
