Subject: COMMUNITY WORKSHOP STRATEGIC PLAN - APRIL 5TH 2014

You are invited to participate in a Community Workshop to be held in the CCRSS Eurythmy Room on Saturday April 5th, 2014 from 9:00 – 12:30 p.m.

The first Community Workshop that was held in October 2013 helped identify what the school was doing well, where there were opportunities for improvement and what the areas of focus should be.

We seek your involvement in shaping the direction of the Strategic plan of our school for the next five years.

We shall be asking “What does success for CCRSS in 2019 look like?” in the following areas

- Teaching and Learning
- Community
- Wellbeing
- Communication
- Sustainability

Because...

“A school cannot be all things to all people – you have to make choices. You can’t do all of it, so decide what makes your school unique – what is its unique offering to your community and to the Australian Steiner Education movement?

You will never have enough resources to do everything so make good clear choices and resource it. Focus on a few things that the school can be excellent at. It is painful to make the choices but you have to make the choices”

Christopher Schaefer, at the Steiner Education Australia – Governance Conference September 2013

Please RSVP to the Office by Thursday 3rd April for catering purposes.

We welcome your input at this Workshop and look forward to seeing you there.

Best Wishes to All

Lisa Senior and Peter Lumsden
Strategic Planning Committee
On Behalf of the CCRSS Board
